ABOUT US

Exponent Technologies Limited is a multi-disciplinary ICT services company offering Access Control, Burglar/Intruder Alarm, CCTV, Managed IT, Networking & PBX Phone System solutions for SME's. We have an entrepreneurial spirit that allows us to be responsive to our clients. Our business model allows us to deliver the best service in our areas of expertise, fostering successful client relationships. As a responsive and flexible company, we have established a solid reputation because we enjoy what we do.

We work as a motivated team that delivers innovative, practical solutions that fulfill project needs and fit within the reality of our client's budgets.

OUR VISION

To be the fastest growing and most rewarding ICT company in Zambia whilst playing a pivotal role in the transformation of the current technological landscape to exponentially higher heights.

OUR MISSION

Exponentially transform the technological landscape in Zambia.

Our Values

EFFICIENCY

Commitment to perform duties in a timely, diligent, cost-conscious and competent manner in order to deliver quality services at the least possible cost.

INTEGRITY

Commitment to deliver services with the highest level of honesty, morality and professionalism

COLLABORATION

Commitment to work with others, internally and externally, complementing each other's competencies in order to accomplish common objectives

ACCOUNTABILITY

Commitment to acknowledge actions taken in the discharge of duties and to assume responsibility for resulting consequences

Access Control

Biometric Access, Turnstiles, Time & Attendance

Access Control lies at the heart of effective building security and ensures effective management of the movement of people within a building making it easy to manage visitors, change employee access based on role, etc. and have all this controlled from a single hub. We provide solutions from small stand-alone key code entry systems to large networked audio/video entry systems with card or biometric systems. Exponent Technologies also provides design advice, installation, service and maintenance of your entry and access system.

✓ Biometric Readers	✓ Time & Attendance
✓ Access Cards	✓ Gate Automation
✓ Turnstiles	✓ Electric Fencing

Burglar & Intruder Alarms

Home & Business Security

Our burglar and intruder alarm installations come with the latest technology making them feature-rich and user friendly. At Exponent Technologies, we offer you a complete turnkey alarm system and as professional burglar alarm installers, we make sure your home or business is secure and monitored. Put simply, burglar alarm systems for homes, office blocks, stores, schools, warehouses, and more are our specialty, leaving you safe in the knowledge that you can focus on yours!
